

Chicago

This trip is closed for applications at this time.

Please pray for the participants as they minister to displaced people groups in the great city of Chicago.

The team:

Pray that the mission team will be well-prepared mentally, physically, and spiritually for the ministry in Chicago. Pray that they will be able to create meaningful relationships with the people they meet in the city and with the missionaries they serve. Pray that each member would return from Chicago with a renewed vision and passion for reaching other cultures with the message of the Gospel.

The people:

Please pray that the people encountered by the Chicago mission team will be receptive to the message of the Gospel. Pray that, as a result of the team's work, the long-term missionaries in the area will be able to develop meaningful relationships with the people in the area so that they can demonstrate the love of Christ and make disciples.
